IMPLAST
Chocolate Moulds

Implast, located in Istanbul, Turkey was established in 1980 as a small workshop to produce chocolate moulds for the local companies and is now firmly recognized as one of the world's leading specialists in high quality moulds for chocolate industry.

A unique combination of proven and new technology plus dedication to the smallest details, all based on customer requirements, guarantee Implast to be the perfect partner in the chocolate industry.

Implast offers a wide range of polycarbonate moulds that are produced in all sizes and shapes and can fit into all types of chocolate production lines.

Our dedication to perfection is achieved by making no compromise on raw materials, concentrating on accuracy, paying attention to the smallest detail, and the result is a master piece of art that guarantee your success.

We are happy to present you our latest catalogue for the standard chocolate moulds. In this catalogue we tried our best to show a glimpse of our moulds, however by visiting our website, you will be able to see all other solutions. We are capable to produce other products for the confectionary industry such as demoulding plates, frames, counter moulds, trays, jars, etc…

And if this is still not enough then, our top notch creative designers can help you developing your own customized moulds with your own logo and shape. We let your imagination go real.
